Brothers,

My first letter to you as the Executive Director is to say thanks. Thanks for giving me the chance to be your Executive Director, thanks for being patient with me during the transition and thanks for all you do on a daily basis to make me proud to call you a brother.

Kappa Psi means a lot to me. Over the past 38 years, I have never doubted the value and benefits of being a brother. I have seen how brotherhood can make the difference in being a pharmacist and being a well-rounded pharmacist capable of being a leader in the community and the profession. A lot of the skills and habits you learned in the brotherhood will serve you well in all your future endeavors.

Now to my expectations. I do expect each of you and each chapter to be diligent in your duties to the fraternity. I expect you to treat all students with dignity and respect. I expect you to pay any obligations to the fraternity in a timely fashion. I expect you to use your Kappa Psi experience to grow in stature as a young professional. My expectations are high. So in return you're expectations of me can also be high. I will do everything in my power to make sure that your expectations are met.

The college experience is not something that everyone gets to experience. So make the most of yours. Let Kappa Psi add to that experience. Let Kappa Psi's values shine in your college career and long after that phase of your life is over. The experience can make you a different person and a better pharmacist.

Have a good spring and I hope to see you at a Province meeting, the GCC or somewhere down the road.

Johnny Porter
Executive Director
